

Big Value in Tires for The Smaller Cars

Back of the manufacture of Goodyear Tires for the smaller cars is the same purpose to supply high value in the product that is behind the manufacture of the Goodyear Tires that equip the most expensive automobiles built.

This purpose is expressed by the enormous resources, extraordinary skill and scrupulous care applied to the manufacture of Goodyear Tires in the largest tire factory in the world devoted solely to the 30x3-, 30x3½, and 31x4-inch sizes.

The effect of this endeavor is noted in the fact that last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

It is also noted in the fact that if you own a Ford, Chevrolet, Dort, Maxwell, or other car requiring one of the sizes mentioned, you can secure Goodyear Tires and Goodyear Heavy Tourist Tubes at the nearest Goodyear Service Station.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread..... \$23.50
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread..... \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag \$4.50

FAMILY ALL WELL?

When Your Friends Ask That, Can You Always Say "Yes"?

Pepto-Mangan Builds Red Blood.

The Happy Family is the One Where Everybody Has Red-Blooded Health.

Children should not be pale and wan. Women should not be tired, weak and blue. Young girls should not be listless, nervous and anemic. Men should not feel run-down and poorly.
Poor health and lack of vitality are often merely the result of impoverished blood.
Gude's Pepto-Mangan is for people whose bodies suffer from lack of proper blood nourishment. Pepto-Mangan enriches the blood and increases the number of healthy red blood cells, which are so necessary to carry the proper nourishment, vigor, and strength to every part of the body.
It contains the very properties that are so sorely needed to build up thin, watery blood. Physicians call it the Red Blood Builder.
For your convenience Pepto-Mangan is prepared in two forms, liquid and tablet. Both contain exactly the same medicinal value.
Insist on the genuine Pepto-Mangan. To be sure you are buying the genuine "Gude's", ask your druggist for "Gude's". And be sure the name "Gude's" is on the package.—Advt.

The Important Thing

In fitting glasses is to correctly diagnose the defects of vision. Without correct diagnosis the proper remedy cannot be determined.
We are not merely merchandizing glasses. We have something for sale besides lenses and mountings—and that something is SERVICE. Our optician is a registered physician and is prepared to render you the very service indicated by your eye-symptoms.

Pure-bred Pigs For Sale

Three years ago this Bank placed a number of registered pure-bred gilt pigs with boys in Lawrence County, under the supervision of the County Agent. Then the increase each season has been placed with other boys, until the club has reached such volume that the County Agent can not give the necessary attention to all members. These are Big Bone Poland China Pigs.
It has been decided to stop the endless chain plan by selling a pig from each litter this spring. The price will be only \$16 each, which is about half what such pigs sell for in Central Kentucky. This price will pay up the expenses. The offer is first to Lawrence County people, then to Wayne County, W. Va.; then if any are left they will be sold at highest prices elsewhere. Our object is to encourage better livestock in this vicinity. We will have about 35 pigs to dispose of this spring, eligible for registration.
File your application at once and take your turn in getting the pigs. Buyers will be notified when and where to get the pigs.
